Title: Requiring Gender Pronouns on Nametags at all AAFP Events

Submitted by: Montida Fleming, MD and Anjana Sharma, MD, MAS

WHEREAS transgender and gender non-conforming individuals are more likely to experience both explicit and implicit discrimination and abuse resulting in severe psychological stress and worse health outcomes due to their gender identity¹, and

WHEREAS medical students, residents, and physicians who identify along the gender spectrum identify family medicine as one of the most inclusive specialties², and

WHEREAS individuals who identify as transgender, gender non-conforming, or non-binary may have specific pronoun(s) to be used upon referencing their person that may or may not be readily assumed or known on presentation, and

WHEREAS we as family physicians should strive to create a safe space for learning and collaboration among our community of diverse family doctors across the country without gender diverse individuals being subjected to marginalizing language, and

WHEREAS having transgender and gender non-conforming individuals be the only participants to include their preferred pronoun is marginalizing, and

WHEREAS, in 2018, policy was created to ensure that at the National Conference of Constituency Leaders, the AAFP will begin including preferred pronouns upon badges starting in 2019, and

WHEREAS, a resolution to allow registrants for all AAFP-sponsored events and conferences to select their own preferred pronouns of address to be visible on registrant badges appears to be an optional selection and therefore risks singling out trans or gender non-conforming individuals now, therefore, be it

RESOLVED that CAFP propose to the American Academy of Family Physicians (AAFP) that they require all individuals to identify their preferred pronouns upon event registration to be printed on name badges at all AAFP-sponsored events and conferences starting in 2020.
